Product data sheet

Drinking cup 400 ml

Product number: 8376904

Our double-walled stainless steel drinking cup is the perfect choice to avoid disposable products while drinking stylishly and environmentally friendly.Product Highlights:Environmentally Friendly Material: This cup is made from high-quality stainless steel, a durable and sustainable material that helps reduce single-use plastic cups.Double-Walled Design: The double-walled construction not only provides better insulation to keep hot drinks hot and cold drinks cold but also prevents condensation on the outside of the cup.Sealable Drinking Opening: The cup is equipped with a sealable drinking opening to prevent liquid spills. This makes it ideal for on-the-go, whether in the car, on the train, or during a walk.400 ml Capacity: With a capacity of 400 ml, this cup provides ample space for coffee, tea, water, or other beverages to quench your thirst.Durable and Reusable: Stainless steel is an extremely durable material that can be used repeatedly. This not only reduces waste but also saves money in the long run.Print option: We offer the option to engrave your cup with your logo. The engraving adds a personal touch to the cup, making it a unique promotional gift or merchandise item.
