Benchmark CO2	5.97

Description

Carry your daily essentials in style with our spacious Hilo Aware Tote, featuring a 400 gsm canvas construction for durability and style. The recycled canvas used in the bag is undyed and in its raw form, without chemicals from dyeing or bleaching, making it a lower-impact choice. Due to the nature of recycled yarns, impurities and colour variations may appear. The composition of the bag is 70% recycled cotton and 30% recycled polyester, emphasising our commitment to responsible sourcing. The tote also features AWARE™ tracer technology, validating the genuine use of recycled materials. 2% of proceeds of each AWARE™ product sold will be donated to Water.org.

SMETA
