Description

Meet the future. A future where items are made to last longer and designed in a way they can be repaired easily. Lakewood earbuds deliver a premium Hi-FI sound quality. With superb quality ANC (32 DB) and ENC mode to have super clear calls. Equipped with 6 microphones and voice assistance to improve the call quality even more. The ANC function can also be switched off into transparency mode. The casing of Lakewood is designed with a removable battery that can be replaced easily when needed to extend the life of the earbuds. With dual connection mode to connect to multiple devices. Lakewood provides 6 hours of listening on one charge and 20 hours extra by case. The earbuds are IPX5 so weatherproof and suitable for sports. Besides being repairable the earbuds are made with recycled PC plastic. Total recycled content: 36% based on total item weight. RCS certification ensures a completely certified supply chain of the recycled materials. PVC free.
