Take back your privacy with this blocker set in PP case. The webcam cover can be applied over a laptop or built-in monitor webcam. This way you can close the webcam when not in use. The audio blocker can be placed in the 3.5mm jack plug of your laptop or computer. It will prevent unwanted audio recordings. The data USB blocker can be used to secure data between two devices. For example when you charge your smartphone via USB in a public place such as airports. The data blocker will prevent unwanted data transfer. Because in these digital times, protecting your digital privacy is important.
